## A. Proceedings:

Upon declaration of a quorum, the BAC Chair Dr. Garcia called the meeting to order with Four (4) BAC members attended at 2:00 o'clock in the afternoon. He also acknowledged the presence BAC Secretariat Members, and TWG.

## **B.** Business Matters:

 Dr. Garcia informed the body regarding the rules and regulations and the following criteria of the Post-qualification under (IRR-A Section 34.2) of RA 9184:

1. Legal Requirements. The post-qualification process under this criterion involves the verification, validation and ascertaining of the supplier's claim that it is not included in any government "blacklist," as well as all the licenses, permits and other documents it submitted. The legal requirements refer to the Legal Documents submitted by the bidder as part of the eligibility requirements, e.g., SEC registration, DTI business name registration, Mayor's permit, TIN, etc. The bidder's status with regard to "blacklisting" may be verified by checking the Consolidated Blacklisting Report issued by the GPPB, or the "blacklist" of any government agency.

2. Technical Requirements. Post-qualification under this criterion means that the BAC would have to validate, verify, and ascertain the veracity of the documents submitted by a supplier to prove compliance of the goods and services offered with the requirements of the contract and bidding documents. This involves the following processes:

a. Verification and validation of the bidder's stated competence and experience;

b. Verification and/or inspection and testing of the goods/products, after-sales and/or maintenance capabilities, in applicable cases; or inspection of the plant/factory of a manufacturer, to determine production capacity; and

c. Ascertainment of the authenticity and sufficiency of the Bid Security as to type, amount, form and wording, and validity period.

3. Financial Requirements. Under this criterion, the BAC ought to verify, validate and ascertain the bid price proposal of the bidder and, whenever applicable, its computation of the NFCC, the required bank commitment to provide a credit line to the bidder, or the hold out on deposit status of the cash deposit certificate, in the amount specified and over the period stipulated in the ITB. This is to ensure that the bidder can sustain the operating cash flow of the transaction.

#### C. Presentation

# The Technical Working Group (TWG):

Miss Gresiel as presentor for the TWG group presented the TWG reports, as well as, the legalities of the documents submitted from the lone bidder Belview Co., Inc. it came out that Belview Company passed and complied all the eligibity requirements.
